Kinship Brewing Company Announces Giving Program, (KIN)ship: Kindness In the Neighborhood.

While we love being known for top-notch experiences and serving good beer, we want to be known for so much more: serving our community in impactful ways. With our community giving program, (KIN)ship: Kindness In the Neighborhood, we aim to give back to the community that has already given us so much.

"Building Kinship has been a dream come true in more ways than one. It builds on a passion for great beer but also creates an opportunity to give back to our community. Breweries have long been known as community gathering spaces and we believe in extending beyond our walls and positively impacting the people around us. This program allows us to immediately begin building relationships and partnering with local non-profits to create a better community." said owner, Zach Dobeck.

In addition to on-site fundraisers and donations for galas, events, etc., each year we'll identify priority causes that are near and dear to our hearts and choose specific organizations to partner with. This partnership involves championing their cause(s) through volunteer efforts, events, and even brewing a special beer and donating a portion of the proceeds.

We prefer to donate to rescue animal programs, veteran programs, and arts and cultural programs. Organizations must be Iowa-based and officially classified 501(c)3 (or similar).

For 2021, we've identified the following organizations to partner with on a quarterly basis:
Q2: AHeinz57; Q3: Waukee Area Arts Council; Q4: Puppy Jake Foundation

Donation requests and partnership proposals can be submitted through the website:
kinshipbeer.com/kinshipgiving.

We look forward to the opportunity to partner with local non-profits and engage with the community through volunteer efforts.
